red

2021 Merlot

Winery Schifferli | Malans | Switzerland

Very small, very charming – right from the beginning. There is no family heritage, no centuries of tradition. Instead, it’s all about happiness, love and pure passion. Andrin and Astrid took a very special path: they studied languages, architecture and the vibrant city of Zurich before fate led them into the world of wine and finally to their own winery in Malans. This Merlot reveals its ripe, red and black fruity aromas from the very first sip. Delicate herbal aromas and a hint of floral notes can be felt in the background. A first-class interplay of fruit and acidity.

2019 Owl & Dust Devil

Finca Decero | Mendoza | Argentina

This is Argentina. This wine derives its basic structure of aromas from Cabernet Sauvignon, the silky softness comes from Malbec, while the Cabernet Franc delivers aromas of dried raspberries, red plums and pepper. The Petit Verdot lends the wine finesse and the Tannant gives it strength. The name comes from the scene between two natural wonders– the winged predator and the wind: “the owl and the dust devil”.

1 dl 14

rosé

2022 Whispering Angel

Cave d’Eclans | Provence | France

The grapes harvested at night produce a wine with aromas of red berries, citrus zest and fragrant flowers. A glass of this wine brings back memories of the last holiday in the South of France and goes well with olives, light salads or the local speciality Bündnerplatte.
